

Tecnau presents its High Performance Dual Web Pinless Cutter TC 7700  
**DUPLA PINLESS**  
It has been developed to link Digital Printers, Inserters, Folders or to work "stand-alone".

The **DUPLA PINLESS** main features include:

- Two independent Pinless paper channels to process and interleave two continuous paper forms printed 2-up slalom mode by Merger device.
- Unique cartridge design: the cross blade cartridge and the side trimming cartridges are removable and interchangeable for quick and easy on-site maintenance and for quick application changeover.
- Vertical cross blade cartridge (2 blade system) with high precision (1/96") and high durability.
- Vertical cross blade cartridge (3 blade system) for single stroke 1/8" strip cut.
- Vertical cross blade cartridge (3 blade system) for single stroke 5/16" strip cut.
- High speed, up to 30,000 cuts per hour (12" height form).
- Paper loop interface for direct connection to laser printers by Merger device.
- Base on wheels with blocking device.
- Height adjustment device.
- Up to 99 cutting program memory.
- Display and keyboard for programming, information, service.
